A GROWING NEWSPAPER IN A GROWING COMMUNITY

ANNEXATION OR INCORPORATION— CAMPBELL STILL HAS TIME TO CHOOSE

Speaking of annexation — a word that has been heard considerably this month—we checked up to see how the tax rates stand in the cities which might conceivably encompass the community of Campbell. We are working under the assumption that Campbell is faced with a choice—annexation or incorporation—in view of the facts that both San Jose and Santa Clara cities are in need of more territory for expansion, that San Jose has been nibbling away sections in this area by annexation in recent years, that those bills which have been introduced in the State Legislature will, if passed, force Campbell to annex to a neighboring incorporated city, or herself incorporate.

Total tax rate for Santa Clara is $6.118 per $100, according to the city clerk. This includes $2.204 city tax plus $3.914 county tax including $1.854 county school tax.

To our surprise, San Jose tax proved to be slightly lower, a total of $6.098 which includes the unified school district rate of $2.439, county tax of $2.06 and city tax of $1.599.

Campbell's tax rates, at present, consist of $2.09 county tax (the tax rate for unincorporated areas of the county is .03c higher than that for the incorporated cities since it includes a county library tax rate) and $2.075 school district tax rate. Thus average rate for Campbell, at present, is $4.165, somewhat lower than those for the incorporated cities mentioned above. But the point is, that Campbell must make a choice, whether to join one of the incorporated cities and face their tax rates, plus carrying the payments for the bonded indebtedness of Campbell schools, or, go it alone and as economically as Campbell residents may choose.

Right now, Campbell can make that choice, can plan its own future, its own government, if it so desires. Today Campbell can take definite steps to avoid assuming the bonded indebtedness of a sprawling, poorly planned city, and draw its own plan as an individual community.

WINCHESTER ROAD WIDENING DESIRABLE

Campbell, with a growing business district, finds itself in the unhappy position of having a substantial part of its business zoned property located on an already congested highway where further business development would create a heavier demand on the road use.

We are speaking of Winchester Road where heavy through traffic on the road from Santa Clara to Los Gatos, plus local travel and the nearby grammar and high schools have heavily taxed the existing narrow thoroughfare. Campbell Chamber of Commerce as well as other local organizations have long cited need for widening of the highway to provide for anticipated growth in that section.

Campbell's development on that highway is being stunted. Business property is available there for development, yet few businessmen are eager to tie their futures to a congested road, much less open their shops there only to face a loss of business when the street is torn up for widening at some unforeseeable future date.

It seems to us that this farsighted community should petition the County Board of Supervisors now and ask for early scheduling of a road widening program on Winchester. Only by planning now for the future can this community hope to develop along well-balanced lines. As this community grows and as Los Gatos and the territory between Los Gatos and Campbell grows, Winchester Road will receive a progressively greater burden of the county traffic. The present congestion is but a fraction of what Campbell can anticipate in the near future, for Los Gatos, already squeezed by its city boundaries, must certainly expand in the direction of this community.

County Surveyor Robert Chandler told the Press that there are no plans at present for widening of Winchester. "Where we're going to get the money is the main trouble," he stated. Campbell should make itself heard, and demand that its road problems be given equal consideration with those of the rest of the county, that it be given an equal share of road money allotments.

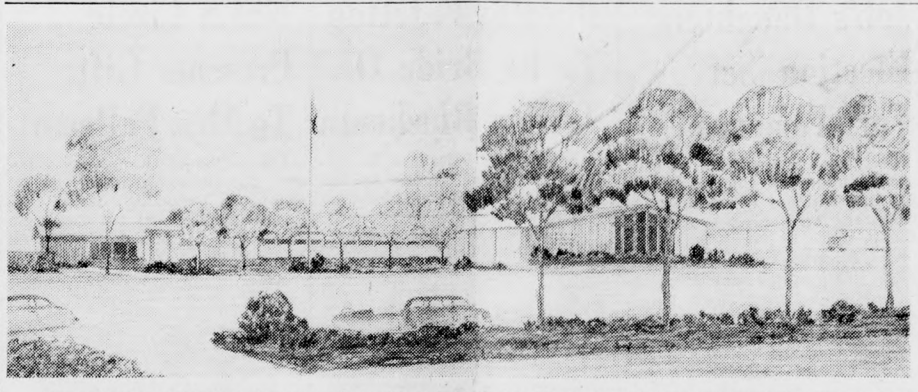
Local Residents Commended For Life Saving

Letters of commendation have been addressed to J. P. Zausen, K. S. Carrington and G. L. Padelt of Campbell for their efforts in the rescue of Lieutenant (j.g.) Brown from his crashed aircraft on May 8, by the commanding officer of Moffett Field.

The commendation reads as follows:

"With disregard for your own safety you courageously assisted Lieutenant Commander John C. Haynie, Jr., of this command in the speedy removal of the pilot from the burning wreckage of the crashed airplane. Prompt action undoubtedly meant the difference between life and death of Lieutenant (j.g.) Brown."



Above is the architect's drawing of the Campbell Union Elementary School District's Cypress school for which plans were submitted to the State Division of Architecture last week. Higgins and Root are architects for the school. Construction is scheduled to start in September. Completion date is in March, 1952. Cypress Elementary school wil be the first of the district's new schools to be built under the current master plan for the district.

BRASS-LUNDSTROM SONATA CONCERT AT MONTALVO IS ARTISTIC SUCCESS

By Kathleen Bergeron

A large audience was at Villa Montalvo in Saratoga Sunday, May 20, to hear the sonata concert given by Carl Lundstrom, violinist, and Clara Huber Brass, pianist, despite the fact that there were other attrcations in the valley that afternoon.

The program opened with the D Major Sonata by Beethoven. This is one of his loveliest sonatas and it is music that can be enjoyed equally well by both the layman listener as well as the trained musician. Though the artist gave a sympathetic interpretation of this work, there seemed at times an apparent nervousness, which was not overcome until the last movement was reached.

Second number on the program was Cesar Frank's A Major Sonata. This is the only sonata that he wrote for violin and piano and it would seem the composer put his all into it, for it is one of the most beautiful compositions in sonata literature. The interpretation was all the composer could have asked for, and the artists were recalled many times on its completion.

Third and final number was the D Minor Sonata by Johannes Brahms, known as the greatest of all violin and piano sonatas. The composer is one who never lets you down. Each movement builds up to another bigger movement, and when the big D Minor chord is reached on the last page of this music, the listener feels lifted to emotional heights, never before transcended.

Brahms' music has sentiment, yet it is never sentimental. The interpretation given by the artists was Brahmsian throughout and as the final notes died away, the audience knew they had heard a truly great performance. At its conclusion, Carl Lundstrom and Clara Huber Brass justly received a tremendous ovation, with bravos and applause, the like of which has seldom been heard in the music hall of Villa Montalvo.

This was the first concert given by these two artists and it is hoped that they will give more of them, so that those who had other concert engagements last Sunday can hear them at another time.

SUMMER RECREATION AND MUSIC SCHOOL SCHEDULE ANNOUNCED

Plans for Campbell's summer recreation program and summer music school announced today by Directors Neal Royer and Dick Gordon include classes in arts and crafts, swimming, folk dancing, and a full program of instrumental music.

Royer, recreation program director, said the program will be carried out in the three elementary schools of the district. Duane Beaubien has been appointed teacher for San Tomas, Dorothy Wilkinson for Campbell and Bea Hohman for Moorpark.

The school will run from July 9 to Aug. 31 with classes held from 10 a.m. to 3 p.m. A detailed explanation of the program with information on registration will be sent home in a notice by elementary school pupils next week.

Royer, expressing appreciation for the help given by parents in last year's program, said any volunteers to help with the work will be welcomed.

Campbell's summer music school which is partly sponsored by the recreation program and Campbell Union School District will follow the general plan of the last summer session, Gordon said.

Individual, ensemble and orchestral instruction will be given on string, woodwind and brass instruments. Classes will be held in the morning, for the same dates as the recreation program. Musical excursions are planned. Students will culminate their summer school instruction with local concerts.

Fifty-five students completed the music school course last summer with six school districts represented in the attendance.

BUDDY POPPIES ON SALE HERE THIS WEEKEND

The 1951 annual sale of Buddy Poppies will be held in Campbell on May 25 and 26, Commander Charles A. Chubb of Post 6305, Veterans of Foreign Wars, announced today. The idea of selling Poppies to the American public to support a national welfare program originated in 1922 with the Veterans of Foreign Wars. It was the first veteran organization to promote a nationwide poppy selling campaign.

"The idea took root," Commander Chubb stated, "when Madame Guerin, of France inspired by the symbolic beauty of the poppies of Flanders, sought the cooperation of the V. F. W. in selling poppies made in France to aid disabled and needy war veterans. The symbolism of the Buddy Poppy as sponsored by the V. F. W. was promptly accepted by the American people.

"In 1923, General Frank T. Hines, director of the United States Veterans' Bureau, officially endorsed the plan. The Veterans of Foreign Wars established a workshop in Pittsburg, Pa., which was staffed by disabled veterans. These men assembled the materials from which the flowers are fashioned and conceived the idea of calling them Buddy Poppies.

"Since 1924 the name, Buddy Poppy has been registered with the United States Patent Office as the V. F. W. trademark guaranteeing that genuine Buddy Poppies are assembled by disabled and needy veterans. This trademark moreover, grants exclusive use of the name "Buddy Poppy" to the Veterans of Foreign Wars. No other organizations, firm, or individual may use the words, Buddy Poppy legally," said Chubb.

"After establishing the name", explained Commander Chubb, "the V. F. W. authorized its various state departments to have disabled veterans make Buddy Poppies in nearby VA hospitals and soldiers' homes. This procedure is still followed to this day. It is operated under the strict supervision and accounting of the national headquarters.

Funds raised from the annual sale of Buddy Poppies are used exclusively for veteran welfare programs. The scope and variety of these programs has drawn warm praise from Americans from every walk of life.

"Every year since 1922 the sale has received commendation from leaders in business, civic, religous, government, labor and other fields. Every president since Calvin Coolidge has endorsed the sale," Chubb emphasized.

The 1951 Buddy Poppy sale, according to Chubb, is primarily concerned with raising funds for three major veteran welfare projects, local veteran welfare work, which consumes approximately two-thirds of the proceeds collected in each community, the maintenance of nation wide veteran welfare work and rehabilitation services, and support of the V.F.W. National Home for the orphans of deceased war veterans, at Eaton Rapids, Michigan.

Orchard Grange Bids Public To Turkey Dinner

Dining, dancing and entertainment will be the order of the evening next Tuesday, May 29, at the Campbell IOOF Hall, when Orchard City Grange stages its big turkey dinner. Service begins at 6:30 p. m., and all Grangers, their friends and residents of the community of Campbell are invited to attend.

Grange Acts On Resolution For Legal Notice

Seven candidates were elected to membership in Orchard City Grange at its meeting Tuesday evening in the IOOF Hall, and Frank Bishop, visiting master of Mount Hamilton Grange, was honored. Grange Shattuck, master of Orchard City Grange, presided.

Richard Morrill Jr. reminded members of the Grange turkey dinner to be held in the IOOF Hall Tuesday, May 29. The ladies have volunteered to bake the pies. Dinner will be served between 6:30 and 8 p. m. There will be a half hour of entertainment by school students, folk dancing and card playing.

The Grange approved a resolution received from Mount Hamilton Grange and which concerned legal notice on all matters under jurisdiction of the County Planning Commission. At present, legal notice to interested persons consists of posting notice on a telephone pole or publishing it in an obscure paper, the Grange reported. The resolution would require that affected parties be notified by U. S. Mail. Frank Bishop stated that regional changes which proved to be unpopular to the interested neighborhoods were effected through lack of information provided those concerned.

A plaque dedicated to Mrs. Jessie Campbell as the Mother of Campbell, and presented to her by the Campbell merchants, was exhibited at the meeting.

Grangers were notified of a lecture given last night at San Jose State College, by G. W. Hunt, water conservation engineer, on water conservation methods of interest to the farmer.

Cambrian Faculty Gives Show For Parent Group

An extremely clever and most original variety show was presented for parents of pupils at Cambrian Grammar School by the school faculty on May 11 in the school auditorium. The program consisted of 12 hilarious acts, each a show in itself, and each cleverly written and perfectly timed.

Some of the acts were: a skit, "Render Unto Caesar", with all teachers participating; a hula dance by four male teachers, a fashion show, tumbling acts, album of memories and others on the comic side.

Certainly the show proved, as teachers hoped it would, that "Teachers are human." Its success was so great, that residents are urging that it become a yearly event.

The GRAB BAG
By JIM McIVER

ODD SITUATION

We thought these ceiling prices on meat were supposed to help folks with a "hamburger budget." But maybe that wasn't the idea. Anyhow, the ceiling on hamburger let the price go up . . . and the ceiling on steak brought the price down. The trouble is, steak still can't fit in the average budget. So it's hamburger again, but at higher prices.

Seems kind of strange, doesn't it? Almost looks like the plan was "give to the rich and take from the poor!"

PECULIAR PRICES:

Maybe you can figure this one out—we cant!

The ceiling on Grade A Ribs is 53c a pound to you folks, but the jobber can charge us 66 1-4 cents a pound. What puzzles us is how to keep from losing money on the deal. We thought about charging it off as overhead, but somebody said that wouldn't work out.

Anyhow, the jobbers are real nice about it. Theyve been calling up to buy our supply back at 66 1-4 cents. Of course thats so they can sell to restaurants at 86c a lb. (as oven roasts). The arithmetic on that seems to work out OK, too.

It still seems kind of backwards, though, for us to be selling to jobbers. Guess we'd better forget that problem and get back to figuring out how not to lose our shirts on these new regulations.

IT DOESN'T TAKE MUCH

All that stops meat getting from the farm to the butcher's counter is a 2 1-4 cent-per-pound price difference. Anyhow, that's all it took last week. Now, if you folks figured the same way, we might get some lower prices. How about just ignoring meat that's been raised the limit to one of those really high ceilings? A cyuple of weeks of that treatment ought to bring a few meat prices back to reason.

SQUEEZE PLAY

Plenty of dealers seem to figure the only way they can operate now is to buy direct from the packer. That leaves the jobber high and dry, of course. Fact is, sales last week turned out to be the lowest on record.

But, under the circumstances, this plan sort of makes sense . . . even if there happens to be a few unemployed jobbers for a while.

SORRY, NO BIG PIECES! !

We've looked everywhere but in the black market . . . and we just can't find any more hind-quarters for you folks. It's too bad because we liked to save you money that way. Anyhow, we'll let you know the minute the situation changes.

QUESTION OF QUALITY

This big war over frozen food prices has sort of degenerated lately. Seems to be just a matter of reducing quality. So "15 cents a package" usually means second or third grade merchandise or less weight. As a friendly word of warning it pays to check the quality first.

Of course, Western is still selling top quality brands at 19 cents. And we honestly haven't seen anything that can beat it for value either!!

We understand the frozen food "war" is due to be over about June 1. That means those No. 1 brands will probably go right back up to 28c-38c. So you folks had better stock up this week and give your food budget a break.

Of course, we're going to try hard (by quantity purchases) to still have all top quality brands at 19c a package.

CUSTOMER LOSES RACE!

Out in the parking lot about 2 p.m. last Saturday we heard two of our good customers in a real serious argument. Couldn't help hearing the **wife shout to** her husband (only two feet away), "I told you we should have started earlier—now the Grab Bags are all gone!" But the husband came right back with "Phooey, I didn't want meat anyhow"!

We're sure sorry about running out of meat and causing this mild domestic uproar. Fact is, we've been going night and day trying to keep you people supplied. And it makes us just as mad as anybody when we run out of Grab Bags. Hope to see you early this week!

LET'S HEAR YOUR IDEAS!

We've been doing a lot of talking about the meat situation, but we haveen't heard from you folks. We think it's pretty important to let people know what their neighbors are thinking. Some very good ideas might get clear back to Washington this way!

So how about dropping us a card or letter? We'll be glad to include the best ideas in this column. Let's hear from you folks soon!

CINDER CHATTER . . . Within the next 24 hours Campbell high's track team, up to now a comparative unknown in prep cinder circles, may very well boost itself into leading oval contention, both locally and statewide.

Tonight, Coach Junior Morgan's charges are serious contenders for their first SCVAL title in many a moon. To all practical purposes they reign as heavy favorites since they qualified more men than any other valley school. Morgan will field a squad of 17 Bucs that should cop a title that has eluded them for years and years.

But in the the case of Howard Kaeding, Buc flashy hurdler, the going will be a little tough, no, not in the Valley finals tonight but tomorrow when he faces the best timber-topping crop in the state.

The lanky, loose-jointed baron of the local barriers, who sports a best of 15.0 flat in the 120-high hurdles, will find the competition quite a bit tougher at Edwards field. In fact, the lack of good competition during the year may tell the tale.

We took in the SCVAL trials at Fremont Tuesday evening and readily saw why Kaeding hasn't run any faster than 15.0. He didn't have to, simply because there was none in the league that came close to him in time or style.

Unlike other top hurdlers who are pressed each week and subsequently lower their marks, the Buccaneer had to rely on his own pace and judgment during a race. Anyone will tell you that there is nothing better than close, heated competition to better one's time and effort.

We figure that if we put the whammy on Kaeding and disregard him as any possible favorite tomorrow he may surprise us all.

Let us meander down the list of finalists that Kaeding will have to face. Leading the parade is Edward Hogan, the state's best (if not the nation's) high school hurdler by far. He has consistently run under 14.5 with a best of 14.1 to his credit. He would have been one of the outstanding individuals at the meet had he not injured his leg a few weeks ago. As it is he will compete in the highs only, that is if his injury permits it. The Herbert Hoover high (Glendale) flash's 14.1 is but .1 off the national high school record.

Right on his heels is Selma's Ancel Robinson who copped the West Coast Relays with a time of 14.5. If Hogan doesn't compete Robbie or Fresno's Donald Brinker may well win the event. Brinker's best is also a 14.5.

Another potent threat is George Miller, Los Angeles City champ from Van Nuys high. Although he has not been extended all year he has hit 14.6 and his coach believes he can run a 14.2 race.

With top-flight barrier artists such as these busily intent on each other, a half dozen or so other hurdlers under 15.0 can play spoiler and swipe the cake.

Coach Morgan is confident that his boy can run a 14.6 or 14.7 event if afforded the competition. He'll get plenty tomorrow and on that we can rest assured. If the luck of the preliminary heats is in his favor, Kaeding may reach the finals.

Even if he is eliminated in his qualifying heat, the slender local lad should feel proud that he has gone so far. We are sure that he'll learn more about hurdling from this one day of acme competition than he has all year long in mediocre events.

Morgan should get a well-deserved round of applause for his coaching prowess. A year ago, Kaeding was clearing the barriers in 15.6 to 16.0. Today his form, thanks to Morgan and himself, is on par with the best. His speed can be improved to a greater extent but in a polished event such as the hurdles, time is of the utmost importance. Morgan has had him running a few sprints and a leg in the 880-yard relay in a determined effort to better his wind and swiftness.

We feel that once he gets a little faster he will develop into a Grade A college hurdler —that is if he goes to college, naturally.

SPORT STOPS . . . Attending the San Jose State college Football Clinic Saturday were Buc coaches GEORGE MISKULIN and BERT ROBINSON. . . . Although he is a basketball coach, ROBBIE received an invite anyway. Perhaps he is contemplating the use of the Split-T instead of a fast break come the fall season . . . WANTED—Umpires for the Los Gatos Softball League . . . Anyone interested should contact BOB DURING at the L.G. Elementary school. . . . Speaking of those astute gentlemen in blue, the CAMPBELL softball loop has signed such a trio for the games at the local diamond. They are RAY JACOBUS, pitcher for SJS's nine, BUD LLORD, and M. NORTH. . . Oh well, a necessary evil, we presume. The annual SCVAL Coaches Dinner will be held MAY 29 at the CLUB ALMADEN . . . AN OMEN MAYBE? . . . The nearest the BUC track horde has come to a Valley cinder championship was last year. They finished but two points behind Fremont high, loop winners . . . Here's hoping!

Grammar School Cagers Receive Basketball Blocks

A total of 34 block C's were awarded the cagers of Campbell Grammar school's Class A, B, and C basketball teams at a special assembly last week.

The A squad won 15 out of 19 games, league and practice tilts included, and finished second in the Santa Clara-Salinas Valley tourney at Gilroy. Players on the team included Richard Caloway, Philip Beth, Ray Caginia, Richard Buck, John Berg, Willis Dahl, Clifford Mallory, Freddie Exparzo, Elmer Anderson, Boyd Fair and Gary Lamb.

Frank Nelson, member of the team who moved to San Diego recently also was awarded a block. Team Coach Neal Royer said that all the players will sign the emblem before it is sent southward.

The B contingent copped 10 games while dropping but three. The men that composed this winning squad were Tony Schraub, Bill Sutterfield, Eugene Sabo, Robert Rykers, Vernon Lunt, Eppie Gallego, Billy Scott, Charles Cox, Raymond Kay, Donald Stephens, Chester Frye, Wally Sonnichsen, Billy Lawson, Paul Uyeda, and Jerry Cathey.

The Midget five took two out of three games. Team members were Cline Sipes, Jerry Henley, John Haliwell, and Ronald Trapin.

Royer emphasized the fact that all three clubs earned the money for the red and blue blocs, which cost approximately $1.20 apiece. The players achieved part of the sum selling tickets to the "Old Settlers Day" Variety show. More money was earned from the amateur show presented during the "Color Day" program.

Enough money was accumulated that there was some left for the purchase of baseball blocs and new basketball shirts, Royer said.

BLOOD DONORS NEEDED JUNE 7

Mrs. William F. Runge's hygiene class at Campbell Union High School has volunteered to assist with registration of blood donors in preparation for Campbell's Blood Bank Day on June 7.

Hygiene class members will set up tables in Campbell stores to issue pledge cards to donors.

The blood bank will set up its mobile unit at the Methodist Parish house on Thursday, June 7 from 11 a. m. to 2 p. m., to receive volunteer blood donations.

Everyone who can possibly do so is urged to give blood to aid soldiers wounded during the Korean fighting. Due to shortage of blood donors here at home, or public apathy, units in Japan and Korea have been giving blood to meet the demand.

Has Seventh Birthday

American Legion Post 596 of Campbell observed its seventh birthday Wednesday at a potluck supper and program in the Campbell IOOF Hall. Families of the members were guests at the affair.

More than 100 persons attended the celebration and heard Attorney Kenneth MacDonald of Palo Alto speak on World Federalism. Belance of the evening was taken up with questions from the floor.

Auxiliary members were in charge of the birthday evening arrangements, and Mrs. Rex Kaber, auxiliary president, was in charge. The post was presented with a birthday cake by the auxiliary.

SPORTS

SPARRTAN SOUTHPAW ACE . . . Slender Johnny Oldham, former Campbell high pitcher, has just completed a successful season on the mound for the San Jose State college Frosh nine. He won eight games while dropping but one. Unofficial records show that the speedy ex-Buc struck out a total of 120 batters in 70 innings. He walked but 3. He is pictured above while hurling State to its last win of the season over Hartnell J.C. His only loss came at the hands of the Salinas nine earlier this year. He was the victim of two unearned runs in a 12th inning uprising. Johnny currently is playing softball for the Campbell Hardware ten.

Bucs Qualify 17 For Valley Track Finals; Top Hurdler In CIF High-Timber Event

By "JOE" ERROTA

Campbell high school, occupying 17 qualifying places, finds itself favored to nab the 1951 SCVAL track and field championships on the lightning-like Fremont high school oval starting at 6:30 tonight. Class "B", "C" and "D" finals also wil be contested tonight.

The SCVAL finals will conclude Campbell's most successful season in years. But for Howard Kaeding, star hurdler, it will just be the beginning of a very busy weekend.

Kaeding, probably the finest hurdler ever developed in the Santa Clara Valley Athletic league, competes in the California Interscholastic Federation track finals, blue-ribbon classic of prep track, at Edwards Stadium in Berkeley tomorrow.

The bounding Buc qualified for the dream of all Golden State prep cindermen, the state finals, by finishing third in the North Coast Sectional high hurdle finals held at Berkeley last Saturday. "Bud" Lindsay, Los Gatos' crack quarter-miler, also qualified for the state finals with his 51.2 first-place clocking at the NCS.

Campbell's timber-topping monarch probably is Campbell's first competitor ever to reach the state finals. Ralph Nodin, former coaching great and teacher at Campbell high school for 27 years, said "'Kaeding is the only local boy to reach the state finals in the last 27 years anyway."

Blond Buc Jilted

Rod Kolze, defending SCVAL mile champion, missed a possible chance to enter the state meet through an unfortunate mix-up. The tall blond finished fourth at the NCS meet at Fremont two weeks ago and was thought to have qualified for the state qualifying meet at Berkeley Saturday.

The Buc's four-lap artist was set to enter the mile run when CIF officials notified Coach Junior Morgan that only the first three qualifiers at the sectional meet were eligible to run in the NCS finals. Morgan left Kolze at home and found out upon his arrival in Berkeley that the state authorities were in error and that Kolze was eligible to run.

Morgan, who has done an outstanding job in his second season as head of the Buccaneer thinclads, said Kolze could have qualified for tomorrow's finals.

Gucs Favored

As a result of Tuesday's qualifying meet held at Fremont, the local trackmen find themselves favored to win the SCVAL varsity crown.

Chuck Hoover, Dan Livesay, Wayne Rozema, Jack Bray and Kaeding all qualified in two events Sonny Musladin won his 100-yard dash heat in 10.7 but was shut out in the furlong. Kolze breezed to a 4:48.0 win in the first heat of the mile run. Stu Imrie surprised with a creditable 4:49.0 performance in the second heat of the four-lap event. John Navarette of Santa Clara won the heat in 4:47.0.

Campbell entrants:

Kaeding—Tied the existing league low hurdles record at 21.1 and won his heat in the high barriers in 15.6. The hurdles' artist also may run in the relay.

Livesay—Finished a strong second in his heat of the 440-yard

YOUNG HIGH SCHOOL STUDENT NOW ON FOOTBALL TEAM

Delmar B. Callaway, Box 151, Church Point, Louisiana, says maybe he isn't the best football center in the country, but he'll bet his pocket-knife that there isn't a boy his age who has got the energy he has. Yes, Delmar now feels great! . . . and he says he has HADACOL to thank because his mother read how HADACOL was helping boys and girls suffering from deficiencies of Vitamins B1, B2, Niacin and Iron and decided to give it to him.

Remember, there are no substitutes for HADACOL. Always insist on the genuine HADACOL. No risk involved. Buy a bottle of HADACOL, either the trial size, $1.25, or the large family or economy size, $3.50, and if HADACOL doesn't help you, you will get your money back.

Bucs Qualify 17

(Continued from preceding page)

run and had the fastest qualifying time in the furlong. He was clocked at 23.5. Livesay also will run on the Buc relay foursome.

Hoover—Finished a smooth second in both dashes at Tuesday's trials. He also is a member of Campbell's classy 880 relay team.

Rozema—School record holder in the hop-step-jump. Qualified for the finals in both the hop-step and jump and the broad jump.

Bray—Also qualified for the hop-step and jump. He tied for first in latter event in 1950 SCVAL finals with leap of 5 ft. 10 in.

Musladin—Reeled off a 10.7 in 100-yard dash trials but disappointed in the 220. Wouldn't surprise too many people if he breasted the tape tonight.

Kolze—Defending champion in this event, and heavily favored to repeat. Loafed during trials but should run his best race of the campaign tonight.

Imrie—Paced himself beautifully Tuesday. Finished second but pushed Navarette of Santa Clara to 4:47.7 effort. Only a junior, this red-head may develop into a great miler next year.

Campbell suffered a bad break when Charlie McBain, 180-low hurdle titlist in 1950, went unplaced in his heat of the low barrier event. He was in contention all the way, but tipped the last hurdle and placed third in a three-way mad dash for the tape.

Outstanding performances are expected from Kaeding and Kolze of the locals, and Lindsay and Bob Voshall of Los Gatos in the 440 and 880, respectively.

Lindsay has done 50.8 and Voshnall ran a 2:05.4 half-mile Tuesday. A battle royal should develop when Lindsay and the Bucs' Livesay tangle in both the 440 and the 220. Livesay is the underdog in the quarter-mile but had the better time in the furlong at the trials.

Four-Way Scramble

Los Gatos, Mountain View and Fremont, the defending champions, are expected to give Campbell stiff competition for the varsity team crown.

Dennis Dunne and Marvin Allen, Campbell classy "Bee" sprinters, breezed to convincing wins in the 100 and 220 yard dash trials Tuesday. Both are lukewarm favorites to nab their pet events in the finals. Dunne also qualified for the broad jump finals.

Other local boys in the Class "B" finals include Bob Shockley and Roger Ensminger. Shockley showed good form in winning the first heat of the 120-yard high hurdles. Ensminger leaped 5 ft. 4 in. to qualify for the "Bee" high jump finals.

Campbell's varsity defeated Los Gatos in the final dual meet last Friday, 70-53. The meet was held on the 'Cats "round oval".

Free Home Decorating Service Offered Residents By Local Firm

There's good news for those who have always had a yen to do a really professional job of decorating a room—or even an entire home. This good news is in the form of an elaborate book in color called the Style Guide. Recently published by the Sherwin-Williams Co., it is available at present through the Orchard City Lumber and Hardware company.

The book seems to be the answer to an amateur's prayer because it shows not merely imaginary sketches but actual photographs—in full color—of some of the most beautiful rooms and homes in America. These rooms have been created by professional decorators—artists really—with years of experience an dunlimited capital at their disposal.

Over a hundred such rooms are pictured and they include original and imaginative combinations of any basic color and furniture style you might want. The real value of the book lies in the fact that the average householder can select a home similar to his own, redecorate it by using the color schemes and ideas of professionals, and for no more than the cost of the materials—plus a little honest labor—end up with an artistic room which would have cost much more had a professional been consulted.

The cost of producing such an elaborate book was, of course, tremendous. So expensive, in fact, that it was impractical to hope to sell it to the general public. This barrier was overcome by having the local Sherwin-Williams dealers purchase the books, and then loan them to their customers and friends.

The Orchard City Lumber and Hardware Co. is located at Winchester Road.

MR. AND MRS. JOE CARVALHO chose the right time of the year for their two week's trip to Iowa. The weather was pleasant during the entire trip, only at that perpetual boiling point, Needles, California, did they notice the heat. The Carvalhos drove to the midwest with their son and daughter-in-law, Mr. and Mrs. Ben Carvalho of Coalinga, in the latter's new car. After spending a day with another son, Ed, in Reno, where he is assistant county agent for Washoe County, the quartet went on to Burlington, Iowa, where they were guests of Mrs. Ben Carvalho's parents, Mr. and Mrs. Charles Miller. During their trip, the Carvalhos crossed 12 states, visited the Carlsbad Caverns in New Mexico, saw the Mississippi River in flood, and toured the famous state museum at Cheyenne, Wyoming, where they absorbed a vast amount of information on the history of the west. They spent Mother's Day with Mrs. Ben Carvalho's uncle and aunt, Mr. and Mrs. Roy Lind, in their Illinois home on the Mississippi. To Mrs. Carvalho, the most beautiful city visted on their trip was Little Rock, Arkansas, with its six bridges leading into the city.

MRS. CECILE SCHAD greeted a new granddaughter during her six weeks' visit with her son and his wife, MR. AND MRS. JOHN E. SCHAD, in Washington, D. C. The new Miss Schad has been named LESLEE ANN SCHAD, and her birthday was on April 12. Mr. Schad is a communications technician chief with the U. S. Navy in Washington. Before returning to Campbell, Mrs. Schad also spent a week with relatives in Dayton, Ohio.

MR. AND MRS. JOHN ATTEBERRY and their daughters, FRANCES and SHARON, are plannnig to move next week to Portland, Oregon, where Mr. Atteberry has entered the lumber business with his two brothers. The Atteberrys, who have lived in Campbell for 15 years, have sold their house on Giles Way.

MISS LAVERNE SEIBERT, whose marriage to RICHARD STEPHENS will be an event of July 8, was the honoree at a kitchen shower given Sunday afternoon, May 20, by MRS. DOUGLAS STRONG and her mother, MRS. PETER KAISER, at the latter's home in the Burbank district. The Seibert-Stephens nuptials will be conducted at the Lutheran Church in Willow Glen. Guests at the shower were Mesdames Eldred Nelson, Kurt Pannekoek, Frank Stephens, Laune Thompson, Bernice Bell, Anthony Gregorio, Leland Jones and George Seibert, mother of the bride-elect and up from Fresno, and the Misses Virginia Mills and Ceclia Steele.

VICKI JO CHAPPELL, daughter of MR. AND MRS. JACK E. CHAPPELL of Campbell, was born just a month ago, April 18, at San Jose Hospital. Maternal grandparents are Mr. and Mrs. J. C. Fryar of Campbell. Mr. and Mrs. V. E. Chappell of San Jose are the paternal grandparents. The baby's great grandmother is Mrs. Bertie Brewer of Oklahoma.

Wilbur Shaw thinks so much of this new Chrysler, he has selected it as Pace Car for the 1951 Indianapolis 500-mile race.

"I've just driven the most powerful car* in the U.S."

WILBUR SHAW, AMERICA'S MOST FAMOUS DRIVER, DRIVES NEW 1951 CHRYSLER—REPORTS TO YOU ON REVOLUTIONARY FIREPOWER ENGINE AND HYDRAGUIDE POWER STEERING

Here are Wilbur Shaw's reactions—in his own words—as taken down by a recording machine in the car:

"The '51 Chrysler has it! With this new engine and power steering, the first on any U.S. car, it's a whale of an automobile.

"I'm completely bowled over by the ease of steering!

"This steering combined with the automatic transmission . . . is the nearest thing to an *automatic pilot* for a car I can possibly imagine.

"This engine . . . I can't get over the amount of power and snap in this engine . . . it's incredible!

"I drove 111 miles with the feeling I had expended no more effort than in driving around the block.

"When Mrs. Shaw drove, her comments just about squared with mine. Here's what she thinks of the 1951 Chrysler . . ."

Mrs. Shaw: "At first I could hardly believe the ease with which I could turn the wheel. That's important . . . especially in the summertime.

"Often after I have parked a car in the average parking space, I feel I should taxi home, shower and get dressed again. But with Hydraguide Power Steering I parked it with one hand. It practically drives itself."

Wilbur Shaw: "It's hard to describe this new Chrysler without going off the deep end . . . it has it in every department.

"In fact, I think so much of this car, I've selected it as Pace Car of the 1951 Indianapolis 500-mile race!"

(Mr. Shaw's comments are reprinted through the courtesy of Popular Science Magazine.)

*Mr. Shaw refers of course to standard passenger cars—not racing cars or special models.

Judge: HELEN YOUNG

Notice is hereby specifically given that a question of law is now pending involving the determination of the exact boundaries of Campbell Union School District, including the question of whether or not a portion of Campbell Union School District as the same existed January 1, 1950, has been included within the City of San Jose by election held on February 23, 1950, and therefore by the same proceedings excluded from Campbell Union School District. That certain area within the boundaries of Campbell Union School District commonly known as Bradley Manor No. 3, more particularly described in the Certificate of Annexation filed by the City of San Jose in the office of the Secretary of State on April 6, 1950, and as described in that certain Affidavit of Completion of Annexation by the City Clerk of the City of San Jose and filed for record in the office of the County Recorder of the County of Santa Clara on the 11th day of April, 1950, bearing Recorder's serial number 631340, was annexed to the City of San Jose in and by said proceedings which are hereby referred to and by reference incorporated herein and made a part hereof.

The said area described in said annexation proceedings is all included within Election Precinct No. 4, hereinabove referred to and constitutes a separate election precinct for the purpose of the Special Tax Increase Election hereby called.

If it be finally determined in the proceedings now pending in the Superior Court of the County of Santa Clara, entitled, "Chadwick M. Morin and Frances M. Morin, Plaintiffs, v. City Council of the City of San Jose, et al., Respondents, Philip L. Olson, and Dorothy L. Olson, Intervenors," No. 76097, which proceedings are hereby referred to and by reference incorporated herein and made a part of this Notice of Election, that said area was not legally annexed to the City of San Jose and said area does not constitute a part of the San Jose Unified School District, the votes cast within said Election Precinct No. 4 shall be counted as legal votes for or against the authorization to increase the tax rate, as the case may be, and thereafter, for the purposes specified in said Special Tax Increase Election if authorized at said election, said increase in the tax rate may be levied upon the taxable property in said area with like force and effect as though the same were a part of the Campbell Union School District.

If it be finally determined in the proceedings hereinabove particularly described that said area was legally annexed to the City of San Jose and said area does constitute a part of the San Jose Unified School District, the votes cast within said area at said Special Tax Increase Election shall be disregarded and none of the property within said area shall be taxed for the purposes for which said Special Tax Increase Election is called.

The said election is to be held in accordance with the provisions of the Education Code of the State of California, governing said elections.

The governing board of the school district shall meet on the seventh day after the election at its usual meeting place at 8:00 o'clock P. M. and publicly canvass the returns.

IN WITNESS WHEREOF, we have hereunto set our hands this 10th day of May, 1951.

Re-routing Long Distance circuits—one of the many interesting, vital jobs for women in the telephone business.

THE GIRLS BEHIND EACH TELEPHONE "HELLO"

Theirs are important jobs—and they do them well

1. Here's one business where the spotlight's really on women. Because of the nature of telephone work, nearly two out of every three telephone people are women—a high percentage. And they must be capable, well-trained women to handle your calls efficiently and serve you well in our offices. We train them, at our expense of course. And they earn good money in this important work.

2. Practically every sort of job—from accounting to teaching—can be found in our business. In addition to good pay, the girls have the security of the company-paid Benefit Plan and enjoy holidays and vacations with pay. All know they have a good chance to advance as their ability grows. Perhaps the best evidence of the importance of women to us is that hundreds have management jobs.

3. It would be hard to imagine work for women today more important than a job in our nation's telephone service. For now, more than ever, our country needs swift, reliable communications to help speed the job of defense. And it's reassuring to know that in these days of high prices on most everything, you still get a bargain when you buy telephone service. Here in the West, on the average, telephone rates are up less than half as much as the cost of living.

SERVICE NOTES

Veterans who are getting college diplomas this Spring under the GI Bill, and who plan to take graduate work in the Fall, should file applications with the Veterans administration now—before they graduate—V-A reminded veterans recently.

By applying for graduate GI Bill training before they receive their degrees, V-A added, they will be permitted to go ahead with their studies this Fall, even though the July 25 cut-off date for starting GI courses will have passed.

The veterans also will be required to meet two further requirements in order to continue with their training after the cut-off date. They must start their additional training at the end of their summer vacation period. The graduate course must be a normal progression of previous studies.

V-A said its ruling also will apply to veterans who finish undergraduate studies any time after the cut-off date, and wish to continue advanced studies at the end of the vacation period.

The V-A ruling is based on two provisions of the agency's basic regulations on the cut-off date. One provision is that a veteran must be in training on the cut-off date, except for reasons beyond his control such as summer vacations. The other provision states that a veteran may progress from a bsaic or preparatory phase to an advanced phse of a course, after the cut-off date.

A veteran who completes undergraduate studies and applies in time for graduate work is considered to have met both these provisions, V-A said.

The July 25 cut-off date applies to World War II veterans discharged before July 25, 1947. Those discharged after the 1947 date have four years from their discharge date in which to start GI Bill courses.

Vincent De Lellis

Vincent H. De Lellis of Campbell enlisted in the Santa Clara County "Defenders of Freedom Flight" of the US Air Force. He was sworn in last week-end and has been flown to Lackland Air Force Base for training.

Costs of Living Index from U. S. Bureau of Labor Statistics

Your P. G. and E. rates— lower today than in 1940!

Despite an 87% increase in the cost of living since 1940, your P. G. and E. rates are lower today than 10 years ago. In fact, they are among the very lowest in the nation. *Why* do your gas and electricity cost less? Because: 1. The more you use the less you pay for additional gas and electricity. And today you use nearly twice as much as you did ten years ago. 2. Alert employees and careful management constantly improve our efficiency. The savings that result are passed along to you. Remember: The *rate* you pay is lower, though your utility bill may be more than in 1940 because you use more gas and electricity.

P. G. and E. foreman Tom Stermer says: "One reason your rates are lower is because the Company encourages all hands to improve service, cut waste, improve efficiency. I received a $700 award last year for an idea that cut production costs."

P·G·and·E·
PACIFIC GAS AND ELECTRIC COMPANY

Mr. Fred J. Marchi, Los Gatos butcher, one of P. G. and E's 170,000 stockholders. Through their investment we have been able to meet the increased demand for gas and power. We have spent over $700,000,000 since 1945 on new facilities.

Mrs. Frank M. Cooley, Greenbrae housewife says: "With two youngsters to feed, and a 7-room house to take care of, you bet I depend on my appliances! Yet our P.G. and E. bill is about the smallest item in my monthly household expenses."

CUB PACK 19 TO HAVE CIRCUS THEME TONIGHT

Cub Scout Pack 19 will hold its regular monthly family pack meeting at the Campbell First Methodist Church this Friday, May 25, at 7:15 p. m. The scouting circus theme of the month will be followed at the meeting, beginning with a circus parade.

Side show stunts and circus acts, announced by ring master of the event Fred Hofmann, will be part of the evening's fun. Cubs will display their handcrafts work and will receive achievement awards and rank promotion certificates. New cubs will receive membership certificates and wolf pins.

Future summer activities of the cub pack include the annual picnic on June 9 at Uvas Dam and a father-son baseball game in July.

CAMP FIRE GIRLS

Adawakea Camp Fire Girls have been a busy group in the last few weeks. On April 26 they held their required sponsor's meeting at which they entertained their sponsors, Mrs. J. W. Corey, Mrs. H. R. Strickland and Mrs. Herbert Binley with Camp Fire Girl songs and games and a resume of their activities since last fall.

Later, the girls served home made cookies and candy at a table decorated with fancy May basket favors made by the group.

On May 10 the girls passed their Trail Seeker rank for which they have been working since October. A ceremonial was held May 17 in the outside playroom at the home of Mr. and Mrs. Binley on Sout' Milton Avenue, at which time they recived their Trail Seeker symbols and certificates as well as beads for honors earned in the seven crafts.

Leader of the group is Mrs. Harry Smith, 21 Sunnyside Avenue, and her assistant leader is Miss Nadine Babb. Members of Odawakea Group are: Linda Corey, Jean Ann Strickland, Shirley Davis, Judy Paulk, Margaret Smith, Nancy Binley, Jeanette Freer, Elizabeth Salas, Louise Christian, Jeanette Magnani, Dorothy Kerr, Wanda Black, Sharon Storey, and Kay Jean Morrell.

HOSPITAL BOARD SIGNS CONTRACT WITH ARCHITECTS

West Valley Hospital District Board of Directors signed a contract with Sobey and Green, AIA, Los Gatos architect firm, Sunday night, to prepare preliminary plans for the proposed 50-bed hospital which will serve the communities of Saratoga, Campbell and Los Gatos.

Board chairman Herbert M. Shadle of Campbell said the architects will prepare the preliminary plans for the single story structure, and these will be submitted to the Department of Public Health and the various other boards and groups who must pass on the plans. The architects are expected to require from 60 to 75 days for completion of the drawings.

When plans have been approved, he said, the board will set the date for the district bond issue election. Tentative sum which the directors believe will be necessary is $500,000, but final amount for the bond election must depend on architects' cost estimates.

The architects will employ the latest and most modern developments in hospital planning, said Shadle, since we want to have an efficient plan. The bond election probably will be held in the fall.

The 10-acre orchard in the Vasona area, which has been acquired by the district for the hospital site, is an ideal site, commented Shadle. It is level and will therefore require very little expense to prepare the land for building. The engineers have passed on the utilities, such as light, heat, electricity, water and sewage, for the site, and the soil composition has been approved. The new sewer line has just been installed along the property frontage on the old San Tomas Road.

Succumbs At 81

William Loos, 81, father of Harry E. Loos of Campbell, died May 21 in San Francisco hospital after a brief illness. The retired contractor was a native of Denmark and had lived in San Jose for 41 years.
